

These Great Minds

文：三寶弟子（銀行會計）

These great minds
Will meet again
As they already met in this life
From their meetings in the past lives

These great minds
Will bring again their teaching gems
Nourish the depleted minds
And help them thrive

These great minds
Are now resting
Or learning from the divine beings
Prepare for their coming journeys

I miss you dear great minds
But I know there are no goodbyes
As the journey will only have one ultimate end
And some day we will all arrive ☸
